SOUTH AFRICA, LIMPOPO

GREATER BALEPYE NATURE RESERVE

The Greater Balepye Nature Reserve stretches across a vast 30 thousand hectares. This is South Africa's hidden jewel! A land where once in a lifetime trophy game roams free. Unlike more confined reserves, GBNR offers a truly vast range that is unspoiled and free of artificial boundaries. Allowing the game to roam naturally and the hunt to remain authentic. It's not just about the trophy, but the pursuit, the rawness, and the unmatched thrill that no other terrain in South Africa can deliver. Every stalk tells a new story.

Choose from three breathtaking lodges. Each one of the lodges has its own swimming pool, bar and kitchen area while being surrounded by African wildlife roaming close by. You will never want to go back to reality after sitting next to our campfire, sharing stories and reliving the hunt. Here, the hunt is real, the trophies are earned, and the connections are real.
