

HUNTING ON HORSEBACK

THE AFRICAN HUNTERS RIDE

Imagine hunting in the wild heart of Africa not from the seat of a vehicle but to the rhythm of your horse. An African horseback safari is one of the most intimate and exhilarating way to hunt in the bush. Without the hum of an engine, you melt into nature, moving quietly among wildlife in their natural world. You'll ride alongside zebra herds, watch giraffes pause to study you with curious eyes and feel the ground vibrate as wildebeest pass in the distance.

DAILY HORSEBACK HUNTS:

- Wake up, Saddle up and grab your Rifle.
- Get ready to ride and rise with the African sunrise and wildlife.
- Spot, stalk and get close before dismounting and taking your shot.
- Experience a whole new world of hunting and build a special bond by trusting your four legged hunting partner.
